USB DRIVER INSTALLATION GUIDE

Use these instructions to install the USB drivers and Microsoft® synchronization software for your Pathfinder® 6057 printer. You need these utilities for your printer to communicate with your computer.

These instructions are written for Microsoft® Windows® XP, Windows Vista®, Windows® 7, and Windows® 10. You must have a USB port and the proper cable to connect the printer to your computer.

The driver package filename is $605X_USB_WIN10$. The single driver supports Microsoft® Windows® XP, Windows Vista®, Windows® 7, and Windows® 10, which use the x86 and x64 architecture.

To update the driver, see "Updating the USB driver for Microsoft® Windows® XP" or "Updating the USB driver for Microsoft® Windows Vista® or Windows® 7".

Microsoft® synchronization software (ActiveSync® and Windows Mobile® Device Center) are available on the Microsoft® Web site (<u>www.microsoft.com</u>).

Information in this document supercedes information in previous versions. Check our Web site (<u>http://printers.averydennison.com</u>) for the latest documentation and release information.

Installing the Windows 10 USB Driver

If you have Windows® 10, you must install WMDC before installing the USB driver.

Note: A prerequisite for installing Windows Mobile Device Center (WMDC) is installing the .NET Framework 3.5. If this is not installed on your computer, you will be prompted to install it:

Click Download and install this feature.

Avery Dennison® and Pathfinder® are trademarks of Avery Dennison Corporation. **DENNIS** Microsoft, Windows, Vista, ActiveSync, and Windows Mobile are trademarks of Microsoft Corporation in the United States and/or other countries.

- 1. Download the latest USB drivers from our web site. Save the driver to your computer. You must unzip the driver folder for installation.
- 2. Turn on the printer and wait for the desktop to load.
- 3. Use the designated USB cable to connect the USB port on the printer to the USB port on your computer. Refer to the *Operator's Handbook* available on our web site.
- 4. Go to your computer's **Start** menu and select **Control Panel**, **Devices and Printers**.
- 5. Double click on Pathfinder 6057.
- 6. Select the Hardware tab.

Transferring Files to the Printer

To transfer data files to the printer:

- 1. Open the folder with your data files on your computer.
- 2. Turn on the printer and wait for the desktop to load.
- 3. Connect the USB cable to your computer and printer.
- 4. Click **Explore** on the ActiveSync® utility after it connects to the printer. A new window appears called Mobile Device.
- 4. Open the destination folder for the data files on the Mobile Device (printer).
- 5. Drag the files from your computer to the Mobile Device folder.

Updating the USB driver for Microsoft® Windows® XP

- 1. Download the Pathfinder® 6057 Update driver from our Web site. Save it to your computer.
- 2. Turn on the printer and wait for the desktop to load.
- 3. Attach the USB cable to your computer and printer.

Note: If the ActiveSync Partnership dialog box appears, click No.

- 4. On your computer, from the Start menu select Settings, Control Panel, then System.
- 5. On the Hardware tab, click Device Manager.
- 6. Double click Windows CE USB Devices.
- 7. Right click Pathfinder 6057 and select Properties.
- 8. Select the Driver tab and click Update Driver.
- 9. Select No, not this time and click Next.

10. Select Install from a list or specific location (Advanced) and click Next.

11. Select Don't search, I will choose the driver to install and click Next.

Microsoft strongly recommends that you stop this installation now and contact the hardware vendor for software that has passed Windows Logo testing.
	Continue Anyway

- 13. Click Continue Anyway.
- 14. Click Finish.
- 15. Close the Properties window, disconnect the USB cable from the printer, then click **Yes** to restart your computer.

If your computer has the Windows Vista® or Windows® 7 operating system, you need:

- the Pathfinder® 6057 driver for Windows Vista® or Windows® 7.
- Windows Mobile® Device Center (WMDC).
- Note: A prerequisite for installing Windows Mobile® Device Center (WMDC) is installing the .NET Framework 3.5. Older operating systems may come with .NET Framework 3.5 already installed. If it is not installed on your computer, you will be prompted to install it.

Click Download and install this feature.

Installing the USB Driver

- 1. Download the latest drivers from our Web site (save the file to your computer's hard drive). You must unzip the driver folder for installation.
- Note: If you have a Windows® 32-bit Operating System, you must install WMDC (for 32-bit) <u>before</u> following the instructions below. Within the 6057 Windows Vista®/Windows® 7 USB Driver folder, double click on the file "drvupdate-x86" and follow the instructions on the screen.
- 2. Turn on the printer and wait for the desktop to load.
- 3. Use the designated USB cable to connect the USB port on the printer to the USB port on your computer. Refer to the *Operator's Handbook* available on our web site for more information.
- 4. Go to your computer's **Start** menu and select **Control Panel**, **Devices and Printers**.
- 5. Double click on Pathfinder 6057.

6. Select the Hardware tab.
